## WOMEN CERTAIN SUFFRAGE WILL PASS SENATE BALLOTING

Victory In House By Narrow Margin, Puts Measure Up to Upper House

Conditions Since 1914 Have Rapidly Changed Status of Proposed Law

BY L. C. MARTIN  
(United Press Staff Correspondent)

WASHINGTON, Jan. 11.—The battle of the nation's women for full suffrage swung into the Senate today. Fresh from a complete victory in the House last night, where the suffrage amendment to the constitution won by a vote of 274 to 136, leaders today were demanding immediate action in the upper branch.

With President Wilson's influence, the psychological effect of the house victory and the growing strength of the movement throughout the country, suffragists predict a close, but winning vote in the Senate. They admit, however, the certainty of a hard fight. A poll of the Senate recently showed suffrage lacked eleven votes to get the necessary two-thirds. March 14, 1914—the last time a vote was actually taken on the amendment—it was beaten 35 to 34, with twenty-six senators not voting.

A War Measure

But war has come upon the United States since 1914 and with it many changes. The appeal of the women for suffrage as a war measure and as a reward for working side by side with the men in the struggle is having its effect. It has been sponsored by President Wilson and members of his cabinet.

"Not for a minute would we concede that this Congress would lag behind the parliaments of Europe in making democratic history," Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association, said today. "It is with supreme confidence, therefore, that we now turn to the Senate and expect passage of the amendment by that body within a very short time."

The House resolution was reported in the Senate today and a Senate suffrage resolution is now on the calendar. A conference was planned today at which decision will be reached on when to push the amendment to a vote.

Now "Inevitable"

The power of the women's vote in states already suffrage and the "inevitableness" of their eventually getting what they want, is the note behind their confidence in the Senate outcome. Mrs. Maud Wood Park, leader of the congressional forces, today said it was "gripping" how the men of both parties suddenly and with "facile grace" rose to the suffrage appeal and secured to each party some of the advantages bound to accrue to those through whose votes the amendment was passed.

One hundred and sixty-five Republicans voted for the amendment and 104 Democrats. Miscellaneous votes added five more.

Already the women are planning their fight to have the amendment ratified by the states. They are certain of thirty-six states, Mrs. Catt said today—and included New York.

"We expect that most of the 1918 legislatures—there are only a few in session this year—will dispose of the amendment favorably at an early date."

Expect Majority by 1919

"The legislatures of forty-one states convene next year. A few of these states will need additional time for suffrage education, but we are confident a majority will ratify before the close of 1919."

Today everyone is claiming credit for the House victory. The woman's party militants say they did it by picketing "to show what sacrifices we could make for the cause," the national association leaders say they did it by refraining from picketing and working state by state until the psychological moment came to press for an amendment; Republicans claim credit and point to their superior vote favoring the amendment and to the vote of 102 Democrats and only thirty-three Republicans against it; the Democrats claim the credit, saying that if it had not been for President Wilson the amendment could not have passed.

## FACTS CONCERNING CONDITIONS WITHIN GERMANY PRESENTED

[Frederic William Wile, author of the article below, was a former Berlin correspondent of the London Daily Mail, and is regarded as the best informed British journalist on inside conditions in Germany. He is a native of Indiana, went originally to Europe as correspondent for several American newspapers and is the author of "Men Around the Kaiser."]

(By Frederic William Wile, written for the United Press.)

LONDON, Jan. 11.—We still shrink from facing the facts regarding Germany. We prefer comforting theories to disagreeable actualities.

This is convenient, but it isn't war.

Through Dutch, Swiss and Scandinavian channels which serve as filters for the alleged news Germany would like to have the world believe, we again hear the old familiar word "crisis"—political "crisis"—food "crisis," etc.

In view of our inclination to make the wish father to our thoughts let me present in tabloid the elements, personal or otherwise, of these "crises."

Hindenburg is supreme dictator of Germany. Ludendorff is the actual generalissimo under Hindenburg, whose popularity is now so great that practically anything can be accomplished by invoking it.

In Hands of Hindenburg

The Kaiser has never been so much in the hands of the military despots as he is today. He is emperor no longer by divine right—but by grace of the great god, Hindenburg.

The crown prince is a thick and thin supporter of Hindenburgism. Chancellor Hertling is Hindenburg's political manager.

Foreign Secretary Kuehlmann is permitted to do only what is ordered. His Brest Litovsk tactics, far from irritating Hindenburg, were dictated by him—and are alterable if and when Hindenburg decides it is necessary. Kuehlmann will go or stay, according to Hindenburg's pleasure.

The reichstag is precisely what Bismarck founded forty-seven years ago—merely an imperial debating society, where the people's representatives blow off steam and can call the government without police interference. Its only vestige of power is in the voting of funds—which duty it

## FUTURE OF WAR DEPENDENT ON WORKING MAN, DECLARATION

Present Year to Be Testing Time For America In Giant Struggle

BY ED L. KEEN  
(United Press Staff Correspondent)

LONDON, Jan. 11.—"The interests of the workmen of America as well as of England, are bound up in beating the German army; it cannot be done except by willing co-operation of men in the workshops with the men in the field."

Expressing his most emphatic approval of President Wilson's outline of war aims, the Right Honorable G. N. Barnes, M. P., member of the British War Cabinet, sent this word to the American working man today through the United Press.

"This year will be the testing time for the fighters for freedom," Barnes declared. "Germany's U-boats will make their last great effort before America gets in. Germany's armies may attack the French, the British or the Italians in great force within the next three or four months."

American Aid Must Come

"Effective American help must then be in the field. I hope everyone in the working ranks in the United States will see that so far as lies in their power they will contribute to that help being there in time."

"I speak as one who has been in the labor socialist movement on this side of the water for thirty years. My sympathies are all with the working folk. I am one of them in sympathy with their claims for the fuller life, but I know that everything just now must be subordinated to winning the war."

"I hope President Wilson's speech will stimulate the men in the workshops to do their part by working during the next few months with all their mind and all their strength, so that militarism may be destroyed. It cannot be done except by willing co-operation of the men in the workshops with the men in the field—and this although the latter will have, after all, to carry the heaviest part of the burden."

Speech Reaffirms Democracy

"The value of President Wilson's speech lies in the fact that it reaffirms the common aims of the democratic people of the United States with their allies on this side of the water, making common cause with Premier Lloyd George's statement."

"Regarding Russia it expressed on the whole the mind not only of America but of Britain. The people of this country have nothing but the most kindly feelings for the Russian people. It is our wish as well as President Wilson's that order will come out of the existing chaos as speedily as possible, so that the Russian people may enjoy orderly democratic rule."

Desires Coincidence

"It is our wish, as well as his, that the western provinces of Russia should not become the appanage of Prussian militarism."

"It is our wish, as well as his, that in the future democracy should be carried on in the light of day, so that every people will know to what they are being committed."

"It is our wish, as well as his, that countries in the future live under terms enabling an exchange of goods to mutual advantage and that compulsory military service be no longer a blight on civilization."

"In short, it is our wish as well as his, that the nations, great and small, live their own way and develop according to their own bent."

Territory Should be Returned

"In the concrete application of those principles to the moment's problems, we also agree that French territory should be restored and compensated for and that other small countries which have been ravaged by militarism should be restored to full territorial, economic and political existence."

"We are in this war together—the free peoples of the West and the free peoples of Europe. We on this side are carrying a great burden and we want help speedily and effectively."

"My message to the industrial workers of the United States would be that they should carry on the building of ships and the equipping of armies by which those armies may be made effective in Europe."

END EFFORTS TO FRATERNIZE

PETROGRAD, Jan. 11.—German troops along the eastern front are ceasing efforts to fraternize with the Russian soldiers opposite them, it was announced here today.

## FEDERAL AGENTS INTERVIEWING PRO-GERMANS HERE TODAY

Men and Women Who Talk Too Much to Be Dealt With By Government

Federal agents are in Santa Ana today putting a number of persons who are reported to have made pro-German remarks through a course of questioning.

That is not all, either. Federal agents are going to keep in close touch with this section, and will be here for some time yet getting a line upon the true sentiments of a number of people whose remarks have been reported to the federal authorities.

"We find two classes of people who have said things against the government," said one of the federal agents. "One class is the malicious pro-German class and the other is the class that is composed of people who have or think they have knowledge of some angle of government activities that need correction."

"Concerning the first class, we are making a thorough investigation. This is war, and every man and woman is either for the United States or against it. We must know who our enemies are, and that is the reason for the searching and widespread federal inquiry that is being conducted here."

"Concerning the second class, let me say that to say things against the government does not help get rid of the fault, if there be any ground for the person's statements. The thing for that person to do is to be loyal enough not to spread discontent and dissension by repeating those things, but to go directly to the persons most closely interested that they may apply the remedy, if one be needed. That is the loyal thing to do."

"We want to get a line upon people who are making disloyal statements. We have a list of people who are to be called in here to be questioned. Vigilance is to be maintained. It behooves people to be careful what they say."

"Anyone who has anything definite to report concerning disloyal utterances should communicate with Room 615, Federal Building, Los Angeles."

Among those quizzed by federal agents this morning was Joseph Keefe, arrested at Anaheim while intoxicated. Keefe attacked the British verbally at the time he was arrested. After being quizzed by the federal agents he was allowed to go. He said that he was for America in this war, and what he had said was due to whisky, and he had not expressed his true sentiments. He left for San Pedro.

## Come, Aid Us With All Might, Speed, Appeals Churchill

British Minister of Munitions Dramatically Pleads For America's Assistance

LONDON, Jan. 11.—Winston Churchill, British Minister of Munitions, called dramatically today for American help. "America come and aid us with all your might and speed, for this is the time for action on the largest scale ever planned," he shouted in a speech in the American luncheon club today.

He had just said, "We have arrived at a great crisis in the war, only to be satisfactorily solved by the vehement, effective action of the United States."

Churchill graphically pictured the peril resulting from the unceasing German reinforcements being piled up on the west front from the east front. Referring to this he said, "probably the worst Armageddon is yet to be encountered."

## TROTSKY MOVES TO END PARLEY WHEN REFUSED NEUTRAL SOIL

Entente Failure to Reply to Terms Given As Basis For Closing Discussion

AMSTERDAM, Jan. 11.—After the Brest Litovsk dispatches received by way of Berlin had declared that the Russo-German peace negotiations were definitely suspended, messages arriving late this afternoon reported a resumption of the meetings. It was stated that the Ukrainians were presenting their demands.

Whether this meant that the full conference was resumed or not or that today's meeting is merely between the central powers and the Ukrainians, now recognized as independent, is not made clear.

REPORT SAYS TROTSKY ENDED CONFERENCE

AMSTERDAM, Jan. 11.—The Russo-German peace conferences at Brest Litovsk have been terminated. The sittings were suspended yesterday, according to dispatches received here today, when the Germans flatly and finally refused to transfer negotiations to neutral soil. Bolshevik Foreign Minister Trotsky himself moved the conclusion of the meeting.

The German delegates formally announced that all plans for a general peace meeting were considered as definitely off by the central powers, because of the failure of the entente powers to respond within ten days to the invitation to participate. Count Czernin, Austrian foreign minister, formally announced that henceforth the central powers were willing to negotiate only a separate peace with Russia.

Bitter Feeling Prevalent

That the mission was more or less bitter was evident from dispatches quoting General Hoffman, one of the German delegates, as protesting angrily in the conference against wireless messages signed by representatives of the Russian government, which he says "insulted the German military command by urging the German troops to revolt."

Hoffman protested that such messages "transgressed the spirit of the armistice."

Other central powers delegates joined in this protest.

It was immediately following this assault on the Russian plan to establish harmony of effort between the plain people of Germany and the Russian proletariat that Foreign Minister Trotsky formally moved suspension of the sittings.

Kuehlmann Optimistic

Immediately before this, however, German Foreign Minister Kuehlmann asserted positively:

"I do not consider the difficulties now developed as great enough to make our peace efforts fail, or to force resumption of fighting."

Count Czernin announced formally that henceforth only the question of a separate peace could be considered by the Brest Litovsk conference, the ten days' limit within which the German delegates granted the entente allies time to join the general peace deliberations, having expired. He insisted the Russian scheme for transfer of the negotiations to neutral soil would simply grant the allies a chance to interfere with the Russo-German peace negotiations, although he expressed willingness to conclude the last step for signing such a peace agreement on neutral soil.

Put Committee In Charge

Regarding the points in disagreement between the two sides, Count Czernin recalled that it had been decided at a previous session to place them in the hands of a committee. The central powers, he said, had now decided to conclude the negotiations on the basis which Foreign Secretary Kuehlmann and the Russian committee members had already considered binding.

"If the Russians' intentions are not altered," he added, "satisfactory results will be reached. If not—matters will take their necessary course and responsibility for continuation of the war will fall exclusively on the Russians."

General Popoff, for Bulgaria, and Talaat Bey, for Turkey, both announced their endorsement of the position thus outlined by Czernin and approved by Kuehlmann.

## WINTER'S WORST STORM SWEEPS EASTWARD

Entire Central Section of the United States Buried Under Snow Blanket

CHICAGO, Jan. 11.—The winter's biggest storm was continuing its march across the country today, accompanied by a heavy snowfall and low temperatures that caused intense suffering and heavy damage. At the same time, the snow will add millions of dollars to the value of the winter and spring wheat and oats crops.

Its influence was felt over the entire country from the Rockies to the Appalachians and the snow area extended from the Missouri valley eastward to the Alleghenies and from Lake Superior southward to the Gulf of Mexico.

Six inches of snow fell last night and today in northern Texas and Oklahoma and nine inches in Kansas. Snow fell in Galveston and a temperature of 22 was reported in Corpus Christi. Practically the entire northern part of the country will have received several inches by tonight. A temperature of 10 degrees below zero was reported in Kansas. At Omaha it was 20 below. The coldest spots in the U. S. were at Devil's Lake, N. D., and Valentine, Neb., where it was 35 below. In the Canadian northwest the mercury dropped to 40 below.

Wheat, Oats Belt Blanketed

By nightfall the entire wheat and oats belt of the country will have been blanketed by snow. Grain experts said today that not only would this form a protective covering and provide moisture for winter wheat, but would soften the ground to an ideal condition for spring wheat and oats planting.

Railroad and local traffic in the Southwest was seriously hampered by the heavy snow today. Fuel and food shortage will follow in the wake of the transportation tie-up, it is feared. In West Texas thousands of cattle may be unable to withstand the blizzard.

## SEIZE BOX SUPPLIES IN CAPTAIN'S HOME

SAN FRANCISCO, Jan. 11.—Discovery of shortage of supplies at Camp Kearny led to the seizure of a box containing army clothing, shoes and blankets at the home of Captain W. H. Bates at Palo Alto, by the Camp Fremont provost guard, it was announced at army headquarters here today. The captain is divisional quartermaster at Camp Kearny. The report to army headquarters merely recounted that the Bates home had been raided and the goods seized. It is not known if charges have been preferred.

## SUSPECT OAKLAND MAN OF USING BAD CHECK

PORTLAND, Ore., Jan. 11.—Specifically charged with having a forged check in his possession and suspected of planning to use it fraudulently in obtaining property or chattels, E. L. Zimmer, of Oakland, Cal., is under arrest today following his arrival at an exclusive local hotel. The check is for \$30,000, supposedly certified by the cashier of a Minneapolis bank.

Zimmer came under suspicion in Oakland when his actions attracted a prominent business man, and caused him to give the name of Samuel Thorpe. This was the name used on the check found on Zimmer. He first declared that Thorpe gave him the check for safe-keeping and insists he came here to collect a note due him.

Zimmer's wife and two children live in Oakland.

## SILESIA AND MORAVIA DEMANDING REPUBLIC

AMSTERDAM, Jan. 11.—Czech leaders of Silesia and Moravia met at Prague recently and adopted resolutions demanding a Czech republic, according to information here today.

The government, it was said, was exhibiting alarm over the growth of such a republican sentiment and had doubled the garrison at Prague.

German and Austrian newspapers received here point to growth of the Czech movement and demand government action to curb it.

## SENATE PROBES GET SECRETARY BAKER IN HOT WATER IN QUIZ

WASHINGTON, Jan. 11.—Secretary Baker on the grill this afternoon facing a barrage of questions from the Senate probers designed to make a brief explanation of his "rosy review" of the army supplies situation, was asked why he created a favorable impression throughout the country when supplies were short in many cantonnements. Baker replied he referred to conditions of the American army in France as being fully equipped. Sharp words resulted from the quiz.

## AUTHORIZE U. S. TO TAKE OVER CAL. OIL RESERVES IN BILL

WASHINGTON, Jan. 11.—Senator Swanson of Virginia today introduced a bill authorizing the navy department to take over and operate the naval oil reserves in California and Wyoming. The bill, which has the backing of the navy department, is designed to meet and settle the long controversy over the private claims within the naval reserves.

## CHARGE GERMAN GOLD FINANCED O'CONNELL

SAN FRANCISCO, Jan. 11.—The name of Daniel O'Connell, San Francisco attorney convicted of conspiracy against the draft, figured prominently in the testimony in the Hindu revolt cases on trial today.

It was German gold, according to A. D. Bauer, former editor of O'Connell's paper, the "American Independent," which financed O'Connell's propaganda. Thirteen thousand dollars was the contribution, he said, of Gustav Jacobson, wealthy Chicago German convicted in the Hindu plot trials there, to the fund from which O'Connell's peace meetings were paid for, while \$2000 additional was paid in Chicago for telegrams to Congress urging an embargo on arms.

## PROPERTY. LIFE LOSS IN 1916 FLOODS WERE HEAVY

28 People Are Drowned,  
\$7,903,111 Damage to  
Property In 4 Counties

That twenty-eight lives were lost and damage to the amount of \$7,903,111 was done in the counties of San Diego, Orange, Riverside and San Bernardino in the 1916 flood is shown by Francis Cuttle, chairman of the Tri-Counties Reforestation committee in his annual report submitted to the committee at its meeting at the Hotel Rochester in Orange yesterday afternoon. Four lives were lost in Orange county and \$521,500 damage was done in the county. The chairman, in his report, recapitulated the activities of the committee during the past year, touching on water conservation and the efforts being made for Orange, Riverside and San Bernardino counties to co-operate in control and protection work on the Santa Ana river.

The annual statement of C. J. Kettering, corresponding secretary, shows the operating expenses of the committee for the year to have been \$2088.44, with receipts of \$1840.17.

In the election of officers for the ensuing year, the old officers were re-elected. They are: Francis Cuttle, Riverside, chairman; C. J. Kettering, Riverside, corresponding secretary; G. W. Sherwood, Fullerton, recording secretary; W. B. Clancy, Riverside, treasurer.

Three changes were made in the Orange county membership of the committee and one in Riverside county. In Orange county, R. Y. Williams succeeds the late E. E. Keech, W. G. Mason succeeds L. B. Stewart and George Dierker succeeds H. C. Kellogg. In Riverside county, Rev. Horace Porter succeeds L. C. Waite.

Resolutions on the death of Senator Newlands were adopted and copies ordered sent to the family of the deceased.

The next meeting will be held in April in San Bernardino.

**Annual Report**  
Following is the annual report of Chairman Francis Cuttle:

**Water Supply**  
At the close of the year and the beginning of the new year it may be well for us to sum up our condition with reference to water supply. We have passed through several years of normal and above normal rainfall and the supply of water for irrigation of our intensively cultivated land has been abundant—in fact at times it has been more than abundant with consequent damage from floods. The present season opens with every prospect of having less than normal rainfall with a possibility of consequent low water stages in our sources of supply for irrigation. This over-supply and under-supply of water bring very forcibly to our attention the great

Save Your Hair! Make It Thick,  
Wavy, Glossy and Beautiful  
at Once

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair—Adv.

Telegraph and Telephone Lines (a)	.....	.....	.....	.....	.....	126,100
Miscellaneous	231,427	.....	9,000	200	.....	240,627

It will be noted that the damage to railways and telegraph and telephone lines is not included in these items as it is stated that the damage to these properties could not be segregated by counties but is given as \$1,795,201 for the five counties.

river regulation, which includes flood control and water conservation, and at last the initial step has been taken by the Federal Government by the passage of the Newlands amendment to the River and Harbor bill of 1917, approved by the President, August 8, 1917. Having secured that one step we should every endeavor to place our claims fully and strongly before the commission to be appointed under the Newlands amendment so that we may at least receive consideration when that commission undertakes the great work of making plans for river regulation over the whole United States.

As pointed out before, while the stream we are interested in is not of great volume, its value in proportion to its volume is probably greater than the water of any other stream in the United States.

At the close of last year's work certain money was in the treasury and this committee authorized its chairman to expend that money where he thought it would do the most good in securing the enactment of the Newlands bill. One hundred and fifty dollars of the money was paid toward the expense of George H. Maxwell to enable him to go to Washington and stay there during the last session of Congress to work to secure the passage of this bill. That the money was well expended is attested to by the fact that the bill is now a law.

**Local Efforts, Flood Control**  
Flood control has become so pressing a problem that the people in the three counties we represent have continued their efforts to secure relief even after the rains stopped and the floods subsided. Meetings have been held all over the three counties to discuss this problem and the people are still anxious for some solution of it. Under the auspices of this committee a flood control meeting was held in the city of Riverside, November 16, 1917, to which was invited all who are interested in the question in the three counties. There was a good attendance of representative men and the matter was thoroughly discussed. Committees on organization and resolutions were appointed. The committee on organization reported that it recommended the work be carried on by the Tri-Counties Reforestation Committee rather than to create a new or-

ganization at this time. It also reported in favor of having the supervisors of the three counties each appoint twenty-five delegates to act as an advisory committee when questions of great importance of policy were to be acted upon. The committee on resolutions, among other things, recommended that the matter be placed before the boards of supervisors of the three counties to secure their cooperation in the preparation of a preliminary report to be submitted to the Waterways Commission. This matter has been taken up with the boards of supervisors of the three counties. All three of the boards of supervisors were favorable to the plan and authorized their chairman to act with the chairman of the other boards of supervisors as a committee to secure engineers to make such a preliminary report. The matter of expense and selection of engineers is now being considered by that committee and it is likely that within a few days the engineers will be at work on the preliminary report.

**State Co-operation**  
During the early part of the year 1917 efforts were made to secure the enactment of laws in our state legislature that would enable us to form flood control districts in more than one county, and as stated in a prior report, this bill failed to secure the approval of the governor for reasons stated in a communication to this committee. It will be necessary to either amend the bill so that it will have the approval of the governor, or have a new bill written covering the same matters, and to use every en-

deavor to secure its passage at the next session of the legislature so that we may be in position to help ourselves and also to secure co-operation of the state with the federal government in some comprehensive plan for the control of floods and the conservation of water on our watershed.

## Conservation of Water

During January and February, 1917, water was spread by the Water Conservation Association on its property at the mouth of the Santa Ana canyon; a total equal to 169,829 inches for one day was spread. This would be equal to 6,793 acre feet or an average of 2,830 inches per day during that period of time. Work is now being done constructing dams that were washed away during the flood of 1916 for the impounding and sinking of water in small lakes or reservoirs, and the whole system for the spreading of water is being put in good condition to take advantage of any water which may reach the spreading grounds during this spring. Up to date the largest amount spread at any one time was a little in excess of 11,500 inches. The amount of water that can be spread and sunk on the debris come at the mouth of the Santa Ana canyon has not yet been determined, but certainly an amount greatly in excess of anything we have yet sunk into the ground at this point can be disposed of. This should be a part of the comprehensive plan for flood control and conservation in our water shed.

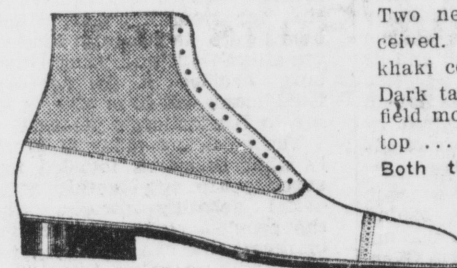

At this time when the president of the United States is urging better utilization of our water resources and the federal government is committed to a policy of river regulation, flood control and conservation, as outlined in the Newlands Amendment, is certainly the time for this committee to press its claim with all possible vigor with the hope that we may secure federal and state aid for better utilization of the waters from our water shed.

## ON 22ND ELECT DELEGATES FOR DRY MEETING AT FRESNO

County Forces to Send Representatives to Start State Organization

On January 22 at 2 p. m. a meeting of the Orange County Dry Federation will be held at the First Methodist church in Santa Ana for the purpose of electing delegates to a state gathering of the California Dry Federation at Fresno.

The purpose of the Fresno meeting is to organize for a fight to make California dry. It is to make plans for a statewide campaign to carry California for the drys in 1918.

It is not known yet how many delegates will be chosen from this county. Further details of the proposed meeting here will be announced later. The call for it will come from Dr. Gandier, state chairman of the California Dry Federation.

## 135 MEN FAIL TO GET THEIR DRAFT PAPERS

Large Proportion of Questionnaires Returned Belong to Mexicans

Out of 2273 questionnaires that have been sent out by the local exemption board 135 have been returned by the postmasters to whose offices they were sent. In each case the postmaster has reported that the person to whom the questionnaire was addressed had moved away and had left no address.

While the number of returned questionnaires appears to be big, the fact that a large proportion of them belong to Mexicans is encouraging. Many of these Mexicans have gone to Mexico and many others have moved without leaving any forwarding address at the post office and without notifying the local board of the change of address.

These men as well as men whose questionnaires have been received but not filled out and returned will be reported to the adjutant general and in the end the men will be classed as deserters.

Any person who registered in this district and who has not yet received a questionnaire should communicate at once with the local exemption board for all of the questionnaires have been mailed out. Some changes in address may have been made and the questionnaire intended for some man who is making no effort to avoid his responsibilities may have been returned.

The local board calls attention of registrants that the classification cards being mailed out are only temporary in cases of appeal. When a man has an industrial or agricultural claim he will be classed by the local board in Class 1 until his claim is granted by the appeal board.

**Classifications**  
Classifications announced today are: Class 1—Lawrence H. Mayer, John N. Tate, Raymond L. Ballard, Joseph A. Maag, Harry J. Mason, Ernest R. Johnson, Arthur W. Streech, Hugh B. Keech, James L. Walker, Jacob J. Malchior, Alexander Rea, Clarence Parker, Ed G. Maier, Claude Y. Hess, John H. Criddle, Scipione Babvse.

## 'CASCARETS' FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for Liver and Bowels, For Biliousness, Sour Stomach and Constipation

Get a 10-cent box now. Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good cleansing, too.—Adv.

# IT'S A GREAT BLESSING

—A WELL-HEATED Home, Lots of Hot Water, A Good Gas Range—and Up-to-Date Plumbing

That's a combination that is guaranteed to bring big blessings to any home, especially to wife or mother. You can hardly expect maximum comfort from a poor heating arrangement, from an old gas range with a rusted-out bake oven, from poor, leaky plumbing fixtures and from a once-a-week hot water tank.

### Heating Systems

We sell everything from Hot Spot Heaters to the Unit Heating System. We can heat one small room or a 20-room house. Bring your heating problems to us.

### Eclipse Gas Range

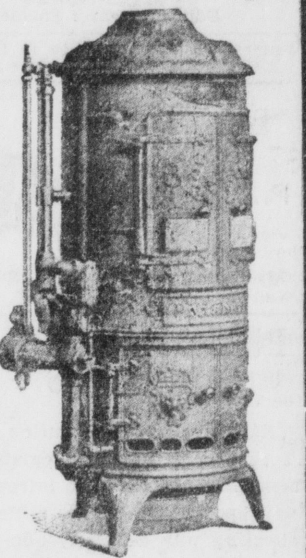

We are now agents for the famous Eclipse Gas Range. This range is a dandy. It has the very latest features. Come in and see it.

### Pittsburg Hot Water

Instant hot water—that is the big feature about this heater. And you can always get plenty of it. You don't need to wait half an hour for hot water when you have a Pittsburg Hot Water Heater.

### Plumbing Fixtures

Perhaps it's a new Laundry Tray or a new Wash Bowl or Toilet Seat that your home needs. Let us look things over and give you an estimate. No charge for these services.

## Small Heaters

—We have a very large stock of heating stoves. They will burn either coal or wood. Some are fancy nickel-plated, others are plain. Prices to suit yourself.

## HOME AND FOREIGN MISSION SOCIETIES MEET LADIES' AID

HUNTINGTON BEACH, Jan. 11.—The Home and Foreign Missionary Societies together with the Ladies' Aid of the M. E. church will hold an all day meeting at the First M. E. church Wednesday, Jan. 16. Lunch will be served at noon in the banquet hall for twenty-five cents.

The W. C. T. U. will hold their monthly social Friday, Jan. 18, at 2:30 p. m. at Mrs. Jennie McDonald's home, corner Ocean avenue and Sixth street.

Mr. and Mrs. Parker Deer of Alhambra are spending a few days in the city this week.

Mr. Jerry Becho of Los Angeles spent the past three or four days here on a fishing trip.

The Red Cross women of the city are working four afternoons each week now knitting and making bandages for army service. Their workroom is on Main street near Ocean avenue, next door to C. E. Kutzner's confectionery.

The new sprinkling system at the grammar school has been installed recently. This will be a much needed service to keep up the lawn and flowers.

**PLACENTIA SHIPMENTS**  
Placentia Courier: During the month of December forty-six cars of citrus fruits were shipped from Placentia, containing 16,632 boxes of Valencia, 1966 of navel and 806 of lemons. The total for December, 1916, was thirty-eight.

During the same month Hatfield & Christensen shipped a carload of casabas and the Placentia Canning Company sent out three cars of tomatoes. During the year 1248 cars of citrus fruits were shipped, fifteen cars of potatoes and nineteen of casabas.

**BANK'S ELECTION**

President, E. K. Benchley; vice president, Charles C. Chapman; cashier, C. W. Crandall; assistant cashiers, George Esmay and L. W. Kelley.

## SANTA ANAS ARE TRUE TO SUGAR REGULATIONS

Five Pound Limit Is Being Observed According to Grocerymen

The people of Santa Ana are loyal to the Food Administration and are observing the rule limiting the purchase of sugar to five pounds, according to grocerymen of the city.

That consumers are conserving sugar also is vouched for by the merchants.

The sales of sugar have been materially lessened since the Food Administration started the campaign for saving this commodity. Less sugar in tea and coffee is the rule in most every home in the city.

"My consumption of sugar is three spoonfuls a day less than before the conservation campaign started," declared George A. Edgar, grocerman, today. "Where I formerly used two teaspoonfuls in coffee and tea I now use one, and I am a great deal better off. Coffee and tea taste better now than they did when I used so much sugar."

There is no sugar card regulation for the sale of sugar and the people of the city are placed squarely on their honor with reference to the purchase of the sweet stuff. There is nothing to prevent a consumer purchasing five pounds at one store and going to the next to duplicate the purchase. In the opinion of grocers this method of getting a larger supply is not being practiced.

## 'BIRD OF PARADISE' ACTRESS PROVES HER ABILITY

Success seems to crown the actress who essays the role of "Luana" the Hawaiian girl in Oliver Morosco's "The Bird of Paradise," which will again be presented in this city Wednesday, January 16th.

First came Bessie Barriscale, who created the part in Los Angeles. Laurette Taylor was the bewitching "Luana" during the New York run and then came in the following order Lenore Ulrich, Carlotta De Monterey, Blanche Hall, Olin Field, May Buckley and Muriel Starr.

This season Marion Hutchins will be seen in the part. She has been under contract to A. H. Woods for the past five years. She only recently saw a performance of "The Bird of Paradise" and immediately asked Mr. Morosco to be allowed to enact the role this season. Mr. Morosco promptly acquiesced after seeing Miss Hutchins in support of John Mason in "Common Clay." It was with difficulty, however, that Miss Hutchins was able to obtain her release from the Woods' office due to the fact that Mr. Woods had her cast for a leading part in an important production. It was due to Mr. Morosco's efforts that Miss Hutchins will be seen in "The Bird of Paradise."

Miss Hutchins gives promise of being the best "Luana" ever seen in the play.

**A**T THE BEGINNING OF THIS NEW BUSINESS YEAR we wish to express our appreciation for the loyalty, goodwill and hearty support that our customers have given us during the past year and wish them the happiest and most prosperous year they have had.

We have changed our store arrangement and our entire system of handling our business. A system that will help us in getting out work faster and better and that we can give each one the best treatment and service that is possible.

During the past year which has been a very hard one on account of the shortage and poor delivery of good material and the scarcity of skilled mechanics, our business has increased very much. Besides an increase in our local business necessitating the employment of several more men, we have completed the Plumbing and Sheet Metal work on two school buildings, the Sheet Metal work on the San Bernardino County Buildings, Heating work on three large buildings and at present we are doing the Steam Heating on the Government Barracks at Ft. McArthur, San Pedro. We also have Heating and Plumbing contracts on several large buildings to be built.

So, to begin this New Year we have a better store arrangement, better system for our business, skilled mechanics and a sincere desire to give each one the best of service and treatment.

### INTERCOLLEGIATE WAR GAMES

At its recent convention in New York the National Collegiate Athletic Association decided to introduce some new sports into college athletics. Rifle shooting was definitely adopted as an intercollegiate sport. The executive committee is busy formulating rules to cover intercollegiate boxing and wrestling.

The University of Pennsylvania announced that bomb throwing and wall scaling may be entered on the program of events at its big field meet next spring.

Some of the colleges on this coast have made grenade throwing and bayonet fighting a part of their gymnasium and athletic training.

Decidedly these are war-time games. They have been added intentionally as adjuncts to military training. At the same time they have real value as healthful sports. No one can deny that these new "games" furnish real physical exercise and develop strength. And they are for all the men. They should inject new spirit and vitality into college athletics.

### PEOPLE ARE SAVING

A subject of frequent and surprised remark during the past few days has been the fact that bank deposits in Santa Ana are more than a million and a quarter larger than they were a year ago. And this despite the fact that we have bought Liberty Bonds and Thrift Stamps and subscribed to Y. M. C. A. and Y. W. C. A. and Red Cross, and Knights of Columbus funds, and paid more indirect war taxes than we may think we have, etc., etc.

Of course the people of Santa Ana and Orange County are exceptionally prosperous—exceptionally as compared with other places as well as compared with other times. But there is another cause for increased bank deposits, and that is that people are saving. Evidence of this fact is found in the bank deposits all over the country and even in England. So strongly has the duty of saving been impressed upon the English people by the war-savings campaigns in that country that in the year 1916, although purchasing billions of dollars of war bonds, the small savings-bank depositors in England increased their deposits in savings banks over \$60,000,000—this in face of the fact that the English, like ourselves, have been noted as a spending rather than as a saving people.

It seems that a similar process has taken place in America. Two great Liberty Loans were floated in the year just closing, and nearly \$6,000,000,000 of Liberty Loan Bonds were purchased by the people. Yet instead of being depleted the savings-banks deposits of the country have been increased. The president of one of the large New York savings banks is quoted as saying on December 20, 1917:

"One of the most remarkable things about the Liberty Loan campaigns is the small effect they have had on the savings banks accounts, which show an increase. This we lay to the appeals made to the American people to purchase the bonds out of their earnings, paying for them from week to week or from month to month. The people appear to be doing as they have been urged, purchasing the bonds from current savings."

### TWO BITS A DAY CLUBS

Out in Phoenix, Ariz., a movement has been inaugurated for the formation of "Two Bits a Day" clubs, the members of which are to buy a quarter's worth of Thrift Stamps every day. Three men each took a hundred Thrift cards, pasted one stamp on each card, and sold the entire lot before two blocks had been covered.

"Two bits" is the old term, dating back to the early days of the country, for a quarter of a dollar, and is still used in the South and West. Every patriotic American now wants "to do his bit," and the members of these clubs are carrying out this idea finely in doing their "two bits" every day. It is hoped that "Two Bits a Day" clubs will be formed all over the country in the great war-savings campaign.

## Henry Clews, Optimist

The Henry Clews & Company (New York bankers) weekly letter to the press, under date of January 5, says: The year opens with an extraordinarily conflicting outlook. For those who really enjoy living on the shady side of the street, there is plenty of company. The pessimist can readily dwell upon anarchy in Russia, upon Germany's momentary military successes; upon the terrible cost of the war; upon the economic and political upheaval, and upon numerous other depressing factors. And yet every healthy minded, thoughtful American refuses to be downhearted. On the contrary, he is more confident than ever in an allied victory. He believes that the enemy is nearing the end of his power; that he is unable to hold his winnings, and is marching to inevitable collapse when our armies reach France. Germany is gradually breaking down financially, economically and politically. She is threatened with revolution, and only the cohesion of her military machine, which is fighting for its very life, holds the fabric together. How long the auto-crats may hold out cannot be foretold; but it is certain that dissensions within, coupled with opposition of the whole civilized world without, will have but one end and that is ignominious defeat. Blinded by empty victories and false leadership, Germany seems utterly unable to read the handwriting on the wall. Civilization outside of Germany, however, recognizes that it cannot live, if Germany's ideals and purposes prevail. The war may continue for weeks, or months. Nevertheless, the real foundation for hope on the allies' side has never been so clear and strong as today. At present the brunt of the struggle falls on Britain and France. Both are enduring the strain infinitely better than ever anticipated; and both show an unconquerable spirit and a steady rising of morale, while that of the enemy is declining. Both of these countries are bearing the strain with surprising ability, and there is no doubt that they will be able to hold on until American soldiers reach France in sufficient force to overwhelm the foe. Perhaps this will happen in the coming spring; and, if fate should postpone the grand decision, prostration of the enemy will be far greater than if wise counsels induced an earlier yielding to the inevitable. Back of these considerations, which are sound reasons for hope, is the belief growing daily that the world is surely facing a new and a better era than the one now so rapidly passing away.

## What Germany's Victory Would Mean

(Contributed by Theodore Marburg to the National Security League's campaign of Patriotism Through Education)

In Prussia's cheap and profitable wars of the past lies the explanation of the present murderous assault on the peace of the world. In letting Germany see that Prussianism can also bring overwhelming disaster is to be found the only remedy. The Germans have been parading their "will to victory." They forget that, while human will has done much to shape human history, in order to succeed in a great world-cause it must lie close beside the will of God. The struggle is a clear-cut fight between wrong in its hideous and universal forms and right most unquestioned.

armed forces of the belligerents—deliberate murder of helpless thousands to secure minor military advantage. To stop short of throwing the Germans back out of conquered territory would mean German triumph, the source of untold future disaster. It would render impossible for years to come an effective league of nations to discourage future wars. Armaments would know no limit and the United States would be compelled to enter the race in order to defend not only the Monroe Doctrine but the very existence of the nation.

**PREFERS TO BE PRIVATE**  
SAN FRANCISCO, Jan. 11.—Because he said he would rather be a private at the Presidio than an officer at Camp Lewis, Sergeant J. S. Wilson, who was at Camp Lewis for training for a commission, returned here and asked to be reduced to the ranks.

Most feeds lack lime. Farmers are advised to keep slacked lime, finely crushed limestone or raw rock phosphate where the animals can get all they want every day in the year.

### BIRTHS

COOK—At the Santa Ana Hospital, Jan. 9, 1918, to Mr. and Mrs. W. G. Cook, of 711 Garfield street, a daughter, Lucille Davis.

### MARRIAGE LICENSES

ISSUED IN SANTA ANA  
William F. Kientop, 21, Sedalia, Mo., and Emma M. Wagner, 30, Burlington, Iowa.  
David C. Beauchamp, 27, and Lillian K. Gentry, 22, both of Los Angeles.  
Miller C. Higgins, 18, and Margaret A. Mackay, 15, both of Pasadena.

### DEATHS

MARTIN—In Santa Ana, Cal., Jan. 10, 1918, at the home of his parents, 947 W. Fifth, Arthur T. Martin, aged 29 years.

Mr. Martin joined the hospital department of the army and left here on September 19. Soon after reaching Camp Lewis he became ill and returned home on sick leave early in November. Since that time he recovered to some extent and resumed his duties at the Cadillac garage. It was again necessary for him to give up his work and he gradually failed until his death yesterday.

Services will be from the Mission Funeral Home of Mills & Winbiger, tomorrow, January 12, at 2 o'clock. Burial in Fairhaven cemetery.

Mr. Martin leaves a widow, Mrs. Lydia J. Martin, besides his parents and brother and sisters.

## CHANGE MADE IN UNIFORMS TO SUIT NEEDS

WITH THE AMERICAN EXPEDITIONARY ARMY, FRANCE, Dec. 12. (By mail.)—Sammy will never look the same as he did when he carried his punch to France.

First off the sergeants-chauffeurs gave up their campaign hats on the road and wore instead the little khaki fore-and-aft Belgian cap, cut just like the French soldier's cap which is blue. Of course it was against regulations to wear an un-uniform cap but the regulations never considered the flopping of a hatbrim against a chauffeur's eyes at forty miles an hour, so at headquarters they winked at the violation.

When the first battalions went into the trenches the slouchy campaign hat was the most awkward piece of equipment in Sammy's whole kit. He tried slinging the hat at his side but it fell into the mud and was trampled on and lost. Never having worn their steel helmets for any considerable time before, the troops didn't know until they were in the trenches that the space between the band and the head permits the wind to blow through. This is fine in summer. But winter was only a week or two away. Some of the fellows discovered that you could use the chauffeurs type of Belgian cap for a head-warmer under the helmet. It also serves as a pad, taking up some of the pressure of the steel hat. And it is small enough to fit into the pocket when you're not using it.

The quartermaster of the first contingent got busy on the doughboy's tip and ordered a French factory to turn out enough fore-and-aft caps of a special design to equip the whole outfit.

Later the new cap was adopted for the whole army. Officers wear their insignia pinned to the front peak and the enlisted man's branch of the service is indicated by the color of a little braid sewed along the edges.

The old familiar American leggings are about to go the way of the unwieldy campaign hat. In the mud of the fighting front our troops found that the leggings let in mud between the bottom of the leggings and the shoe-tops and this mud seeps down into the shoes. Hereafter troops on the front will wear the spiral cloth puttees of the British. They get muddy too but they wind over the shoe tops so as to prevent the mud from going inside the shoes.

Sleeveless leather coats are another article of clothing which will make Sammy look like a different soldier. They will be issued to all branches on the fighting front and they are considered even better than the fur coats dealt to the British troops. Engineer units are receiving overalls of waterproof oiled suits, especially adapted for bridge construction where men are often compelled to stand in water of shoulder depth to do their work.

The old style American field boot remains. Though it has a rough exterior finish and looks like the Dickens even when new, this boot, when properly oiled is as near water-proof as any leather boot of any army, according to the quartermaster. But for extremely muddy weather each man will have rubber thigh boots which is something the old Boche would like to issue to his men, but he can't issue because our blockade has killed off his rubber supply.

By H. C. Hamilton

NEW YORK, Jan. 10.—Fred Fulton's greatest fault seems to lie in an unsurpassable ability to gum things up for himself just at the moment when things look rosiest.

A year ago Fulton stood as the logical man to meet Jess Willard for the world's heavyweight championship, but he soaped his own track when he met Carl Morris in New York. Fulton gained a reputation of being just a trifle yellow as a result of that bout, for he lost on what was declared to be a deliberate foul. Morris was winning by a roughhouse style.

Fulton got another crack at the Oklahoma giant and beat him, so the stigma of the New York bout was wiped away. Then the lanky challenger again stood out as a probable opponent for Willard. But he gummed it again when he met Bill Tate in Little Rock, for he lost again in the same manner. The only procedure open to Fulton now is to meet Tate again and either win or lose fairly. He accomplished a comeback at the expense of Morris, so it shouldn't be impossible for him to repeat against Tate.

As a matter of cold, unbiased fact, Fulton is far the best of Willard's challengers and is the only one who has done well enough to deserve a championship match.

Misfortune or a bad case of nerve is about ready to beat him out of it.

Second Household Economics Hears Fine Talk on "Food Supplies" By J. S. Smart

The second section of the Household Economics class of the Ebell held one of its most interesting meetings yesterday afternoon with Mrs. E. D. White on South Broadway, Mrs. M. B. Lacy and Mrs. R. R. Miles being hostesses with her. Gold of Ophir roses and delicate heliotrope made a beautiful and dainty combination for the house decorations.

A luncheon, costing 12 cents a plate, was served on trays at 1 o'clock, the menu consisting of baked clams with tomatoes, potatoes au gratin, hot biscuits and jelly, snow pudding, wafers and coffee. Twenty-five were served and thoroughly enjoyed the appetizing viands.

"Food Supplies" was the subject for the afternoon. J. S. Smart of the Smart-Finlay Company, was the speaker and told most interestingly of the difference in the way goods were formerly handled and now. The present way is much more sanitary.

He also urged people to go to stores to purchase their goods and gave advice as to how women can help in the conservation of food supplies.

Miss Gertrude Montgomery gave a most instructive drill on parliamentary law to close the meeting.

## URGES THRIFT

F. L. Andrews Talks Before Spurgeon P. T. on Government Stamp Campaign

The regular meeting of the Spurgeon Parent-Teacher Association met Thursday afternoon in the school auditorium.

The meeting was opened with prayer by the president, Mrs. E. V. S. Pomeroy. The first number on the program was a folk song and songs by the weavers in the first grade, under the direction of Miss Kaufman and Miss Wright. The children were charming and showed that they had been well trained.

F. L. Andrews, secretary of the Board of Education, gave an excellent talk on the Thrift Stamp campaign which has been inaugurated in all the schools. He urged the parents to co-operate with the teachers to train the children to acquire the saving habit.

Already the children of Spurgeon school are showing their patriotism, having bought \$51 worth of Thrift Stamps.

Mrs. John Clarkson read a very interesting article on the "Aims of a Parent-Teacher Association," and "How to Maintain a Successful P.T. Association." Important points emphasized were:

1—Association is for constructive co-operation and not for criticism or interference. 2—To give fathers and mothers an opportunity to educate themselves for the best home making and child nature. 3—To place the principal responsibility on the parents, only giving teachers such work as they desire to do, thereby increasing the interest among the parents in the association.

"The children of America's Army of Relief" organization was explained by Miss Wagner, principal of the school. The aim of the organization is twofold, to educate the children in the spirit of service and to save the starving children of the war stricken countries of Europe.

The count for the largest percentage of mothers present was awarded to the first grade, which had seventeen mothers present.

After a short business session the meeting adjourned and a social time followed.

## Altar Society Elects

At the business meeting of the Altar Society of St. Joseph's Catholic church held on Wednesday afternoon at the rectory, the following officers were elected: President, Mrs. J. A. Maag, Sr.; vice president, Mrs. V. A. Rossi; treasurer, Mrs. C. V. Davis; secretary, Mrs. Charles Bevis (re-elected).

The secretary reported a good year's work done and the society in good working order with a year of prosperity ahead.

## District President to Hold Meeting

Mrs. C. C. Arnold, district president of Women's Clubs, will hold her last and only meeting in Orange County, at the Christian church in Fullerton tomorrow.

## W. C. T. U. EXECUTIVE

State President, Mrs. Irvine Talks, Resolution Passed As to England's Making Beer

The Orange County W. C. T. U. quarterly executive was held yesterday in Tustin, at the Advent Christian Church, at 10 o'clock.

The ladies of Tustin had used such quantities of their beautiful roses to beautify the church that the gray atmosphere outside was entirely forgotten. Mrs. C. A. Miller of Tustin led the devotional service. Owing to the illness of both the president and vice-president of Orange County W. C. T. U., the secretary, Mrs. Lea Warren, called the meeting to order and Mrs. Elizabeth H. Mills was elected as chairman for the day.

The resignation of Mrs. Belle Rogers as president of the county owing to very severe illness, was read and accepted with regrets. A committee was appointed to draft resolutions to place on the minutes, also much regret was expressed because of the illness of Mrs. L. C. Yoeman, the county vice-president, who had planned to have charge of the meeting and who could not be present.

The state president, Mrs. Stella B. Irvine, was introduced and gave the most enthusiastic and interesting account of the National W. C. T. U. convention held in Washington, D. C., December 27. This was the most wonderful convention ever held in the history of the W. C. T. U. and some wonderful things were accomplished. Great speeches were made by the different senators and representatives and great speakers who were at that time in Washington.

It was a great privilege to be present at such a convention. Adjournment was taken for lunch, which was served in the church dining room.

The afternoon meeting was called to order at 1:30, when Mrs. M. E. Ladiou led the devotional service, assisted by Mrs. W. S. McDougall. Mrs. Harry Hanson favored the executive with a beautiful number on the organ. Mrs. Estella Harper, president of Garden Grove Union, extended an invitation to hold the county convention at that place. The invitation was accepted.

The County W. C. T. U. was asked to meet at the First Presbyterian church on Sunday, January 13, to go in a body to the tabernacle to hear Dr. Biederwolf deliver his booze sermon.

Misses Dorothy and Gertrude Utt gave a violin and organ duet. Mrs. Stella B. Irvine, state president, gave plans for the "drive" for \$30,000 to be raised for war service work. Five thousand dollars was the amount for Orange county and the executive voted to raise \$10,000.

Each unit was appointed to share \$6,000 and every member should become enthused at once and begin to talk this drive, and every effort should be used to secure this amount, the drive to be about February 5.

The following resolutions were passed:

The executive committee of Orange County W. C. T. U. in session assembled, having been saddened by the resignation of our county president, Mrs. Belle Rogers, from present and future work because of shattered health:

Resolved, that we, her comrades and co-workers, tender to her our loving sympathy for her physical suffering and recognition of her consecrated service given to our cause in county and state; we give her our grateful appreciation and pledge fidelity to her should she be able to resume active work.

COMMITTEE.

The following resolution was passed by the Santa Ana Union on January 8 and was endorsed by the county executive board:

Whereas there has come to the attention of the W. C. T. U. of Santa Ana, California, information to the effect that the Food Controller of England has issued an order permitting brewers to increase their output by 20 per cent in the first quarter of the year:

Resolved, that we, the W. C. T. U. of Santa Ana, California, in sympathy with the Food Controller of England, hereby respectfully urge upon the government of the United States, or the proper department thereof, to bring to the attention of the government of England, a protest against the conversion of any of our foodstuffs exported to the allies into alcoholic liquors.

Some of the pleasing notes given at the meeting were that Kern county, one of the smallest memberships of the W. C. T. U., raised \$1900 for an ambulance. The state president, Mrs. Irvine, had the honor at the national convention to present this money for the purchase of this ambulance to be used in France.

Work among foreigners will be known in the future by the one word, "Americanism." Southern California sent to the National year \$2025. The Y. P. B. presented to the National \$35 for a fan to be used in the hospitals. There have been made and sent out to the soldier boys 4000 comfort bags. There are one hundred men at bridges and buildings who have no comfort bags; 75,000 pieces of literature have been sent out to the soldiers and sailors. Service flags for the United States were suggested and Mississippi was the first state to ratify the action of the Senate for national prohibition. There is great hope for the passage of the suffrage bill.

## Leaves for San Francisco

Mrs. Cora B. Cavins, who has recently moved from the Smart Shop to her new quarters at 116 East Fourth street, expects to leave next week for San Francisco, where she will spend a week at the Modart school, gathering new ideas about corset fitting and corsets in general.

The new store on East Fourth street is arranged and decorated, pink and white being the colors mostly used. White enamel covers the woodwork and the partitions are of the daintiest cretonne floral design in pink and white.

Every department has a booth of its own and at the rear is the shampoo room with its big water heater and everything which will add to the comfort of the large circle of patrons which Mrs. Cavins has drawn to her because of the good service which has always been her slogan.

## Roosevelt P. T. A. Meeting

There was a good attendance at the Roosevelt Parent-Teacher Association meeting Tuesday afternoon, notwithstanding the disagreeable weather.

F. L. Andrews, president of the school board, was present and explained the thrift stamp plan and how it is to be carried out in the schools. This talk was timely and much appreciated. The principal announced that \$12 worth of stamps had been sold.

Miss Ada Borden gave a review of the methods in reading from the time of the alphabet method of our childhood days up to the present time. She then called in a class of her little folks, who gave a pleasing demonstration of what they have accomplished in reading this year.

Mrs. Sawdy gave an excellent paper on "Reading in the Home for Children." She advocated encouraging the children to read in the home, but that parents should keep a censorship over the books, magazines and papers that the children have access to. She urged that the sensational newspapers be kept out of the children's hands.

Announcement was made of the all-day meeting to be held at Orange tomorrow. The following were appointed delegates: Mmes. Gerhart, Ramsey, Dunigan, Marsh, F. M. Gardner and Winslow.

## SANTA ANA'S 1ST DRAFT SOLDIER SUCCEUMBS

Young Man Sent With Forty Per Cent Contingent Died Here Yesterday

The first of Santa Ana's selective service men to succumb to disease passed away yesterday when Arthur T. Martin, son of W. T. Martin of 917 West Fifth, died of lung trouble. Young Martin went from Santa Ana with the first forty per cent of the draft contingent, leaving here Sept. 19, and soon after he arrived at Camp Lewis was stricken with pneumonia. He was cared for at the camp hospital until he was able to return home, when he was sent here on sick leave in November and later received a permanent discharge. Martin recovered sufficiently after returning home to return to his work in the Cadillac Garage, where he was employed as a machinist. He was stricken a short time ago, however, and died yesterday. Martin, who was 29 years of age, leaves a wife, besides his parents, to mourn his death.

## INVESTIGATE MOTIVES OF ATTACK ON WOMAN

SAN FRANCISCO, Jan. 11.—Police today attempted to ascertain the identity and motives of the veiled woman who stabbed Mrs. F. F. Pixler aged 65, at her home last night, inflicting wounds from which Mrs. Pixler may die.

While a male confederate called Mrs. Pixler's daughter, Mrs. Lena Johnson, to the front door, the woman assailant entered the dining room through a window and plunged the knife into Mrs. Pixler's breast as three children looked on. The woman escaped.

## MONSTER PARADE OF SUNDAY SCHOOLS TO BE HELD TOMORROW

Beautiful Floats Will Have Place In Line Representing Various Churches

The Sunday school parade to be held in this city tomorrow promises to be one of the most interesting events of the kind ever held here. Delegations from other sections of the county will be present, and all the Sunday schools in this city will be on hand. Beautiful floats are being prepared by some of the schools, and the children will march in the parade. All who expect to be in the parade will meet at 2:30 tomorrow afternoon at Sixth and Broadway, and the parade will move promptly at 3 o'clock. The line of march will lead through the business section of the city, and back to the tabernacle.

The parade will be led by W. J. Lindsey, who will act as grand marshal. Next will come the Santa Ana Band, then Dr. and Mrs. Biederwolf, Judge Thomas and Judge West, City Marshal Jernigan, then the Sunday schools of the city in the following order: United Brethren, Christian Advent of Tustin, Reformed Presbyterian, Richland Avenue Methodist, Evangelical Association, Immanuel Baptist, Tustin Presbyterian, Spurgeon Memorial, Mexican Mission, Salvation Army, United Presbyterian, Evangelical Association of Anaheim, First Presbyterian, First Methodist.

## 10-YEAR-OLD BOY HAS RECORD FOR KNITTING FOR CANADIAN BOYS

Oris Dawson, 10 years of age, and a knitter "from Knittersville," is here from Harris, Saskatchewan, Canada, to spend several months with his grandmother, Mrs. Susan H. Mullinix.

The little fellow can ply the knitting needle with the speed and expertise of a trained woman, and has won distinction in his home city for his activity in knitting for the soldier boys. He has knitted twenty-eight wash rags and two scarfs since he learned the art of manipulating the needle, and will continue his work while here with his grandmother.

His father accompanied his aunt, Mrs. R. E. Harris and Mrs. Zoie I. Hart, from Harris to Los Angeles. Mrs. Hart had been in Canada on a visit and was accompanied home for the winter by Mrs. Harris.

## IN THE JUSTICE COURT

## WHAT? BLACK EYE? BY SLAP OF HAND? QUESTIONS WOMAN

Each One Wants Other Put Under Bond to Keep the Peace at La Habra

Can a woman black another woman's eye by slapping her face? That question was asked of Justice Cox this morning, and he declined to answer it until the trial, which is set for January 18 at 9 in the morning. Mrs. Josephine Green is the woman with the black eye. And those who saw it say that it certainly was black. Mrs. Ella Mueller is the woman who is accused of doing the blacking, and she is also the woman who asked Justice Cox the slapping question.

Mrs. Mueller admits that she slapped Mrs. Green. Mrs. Green's story of the bodily contest is quite different from that. Mrs. Green says it was a case of hair-pulling and a knock-down and a blow in the eye with a fist and some more blows besides. Mrs. Mueller said that it was not the first time there had been difficulty, and she would like Mrs. Green put under a bond so that there would be no more fighting. Mrs. Mueller showed no marks of combat. She is a larger woman and younger than her opponent. Mrs. Mueller admits that there was trouble, but she says that really she did not do anything but slap Mrs. Green's face for her.

Mrs. Mueller is not the only one who insists on a bond to keep the peace. Mrs. Green wants Mrs. Mueller put under such a bond. The cause of the rumpus? Jealousy, they say. At least, that is what the authorities here hand out.

**Irrigation Case** R. J. McFadden, superintendent of the Anaheim Union Water Company, has sworn to a complaint charging David Worn with taking company water out of a ditch illegally.

**Given Twenty Days** Sam Howard, 52; C. J. Nangle, 53; Joe Harrington, 29, and Homer Lowe, 19, arrested by city officers near the Zerman warehouse, pleaded guilty to vagrancy and each was sentenced by Justice Cox to twenty days in jail, with the understanding that if they really have been working for the Government at San Diego they will be allowed to go.

"It is a dangerous thing for a man to go wandering over the country these days," said Cox.

## BURKE DECIDES HE WON'T RUN FOR ASSEMBLY THIS YEAR

Holding Position at Sacramento Interferes With His Law Practice

Joe C. Burke is not going to run for assemblyman this year. His announcement to that effect was made today.

Burke's decision will be of a good deal of interest not only in Orange county but all over the state among legislators and men and women who have had anything to do with the last two sessions of the legislature. Burke was elected four years ago, got into his stride the first session and in the second session was recognized as one of the leaders in the assembly. Many of his colleagues had picked him to be a candidate for speaker of the next assembly.

"I have decided to stay by my law practice," said Burke today. "In order to make the race for the assembly, I'd very nearly have to give up my practice during the campaign, and for the four or five months from the opening to the close of the session I'd have to give it up entirely. Much as I like the work at Sacramento, and much as I enjoyed the associations I made there, I feel that I should build up my law practice rather than sacrifice it."

"Who is going to run? I haven't the least idea." "If any legislation arises during the next legislature in which my acquaintance at Sacramento or my knowledge of the procedure there can be of any benefit to Orange county, I shall certainly be glad to go to Sacramento in the county's behalf."

## AT THE COURTHOUSE

## AFLECK SENTENCED TO STATE'S PRISON

Another Continuance Given J. P. Harper, Who Is Seeking Probation

H. C. Afleck, confessed burglar, was sentenced today to, from one to fifteen years in San Quentin. Sentence was passed by Judge West.

Afleck told Judge West that he had a pal with him when last September he burglarized the residences of C. P. Kryhl and George Clausen, but that his pal was opposed to the entrance of the houses.

When chased from the Clausen home he and his pal ran together to a place on East Sixth street. His pal gave him all of the jewelry he had, and Afleck stopped just long enough to hastily hide what he thought was all of the jewelry in some leaves under a walnut tree at the southeast corner of French and Seventh.

Deputy District Attorney Koepsel stated that two walnut pickers had found some of the jewelry scattered along the north row of walnuts, but none under the trees designated by Afleck. Yesterday a gold belt buckle was found. Two gold watches, a pearl necklace and a gold bead necklace have not yet been found. The officers think Afleck's pal took them.

Afleck's record was brought into court by Deputy Sheriff Maxwell, showing that Afleck went to San Quentin in 1916 from San Joaquin county for attempted robbery. Afleck lays his downfall to the use of morphine.

**Outlook for Him** The outlook for J. P. Harper, charged with swindling Rev. J. A. Stevenson, is dark. His past record is staring him in the face, and his failure to be candid with the local authorities has not helped his case at all. Harper, formerly of Anaheim, sold Rev. Stevenson an automobile that did not belong to Harper. When Harper was brought back from Arizona he assumed a high and mighty attitude, declaring he would sue Rev. Stevenson, the sheriff, the district attorney and every other person who had him arrested. He is beginning to see things differently.

He asked for probation. This morning Probation Officer Scott reported against allowing probation. He has reports showing that Harper has been

## Says Phosphate Doubles Strength and Health

Numerous notices have appeared in the press from time to time telling of the remarkable benefits to be derived from the regular use of a digestible organic phosphate known among druggists as bitro-phosphate. Investigation shows that bitro-phosphate which is obtainable of any good druggist, enjoys its great popularity because of its peculiarly valuable property of quickly restoring the strength and vitality of the depleted nervous system. Neurasthenia, nervousness, sleeplessness and physical and mental weakness are almost invariably due to a starved nervous system. This condition can only be corrected by supplying to the nerve centres the necessary phosphoric food elements, the lack of which has caused all the trouble. For this purpose specialists highly recommend taking with each meal a tasteless 5-grain tablet of the organic phosphate now so generally known as bitro-phosphate, which, while being inexpensive, is undoubtedly the most remarkable nerve food and restorative of health and strength known to medical science. Bitro-phosphate is sold in this city by Rowley Drug Co., and all good druggists.

arrested a number of times, once for stealing auto tires. Most of his arrests were for traffic offenses.

Harper and his mother, who has faithfully stood by him, hope for letters of recommendation, and the case was continued by Judge West, to January 18.

## ORANGE HIGH SCHOOL ADOPTS NINE ORPHANS

ORANGE, Jan. 11.—Nine French orphans were supplied with an official daddy in the collective person of the boys of Orange Union high school Wednesday morning, following a speech by Mrs. James Seager of Pasadena, who is doing relief work for French orphans and who spoke before the high school students at assembly Wednesday. Her talk was interesting and appealing.

After the general assembly the girls remained in the hall while the boys held a separate assembly. Mrs. Seager showed the girls some clothing which the Pasadena branch had made over for the orphans from garments given to them. The girls decided that one hour a week would be set aside in which they would sew for the French orphans, making over garments which they will have their parents donate.

The high school boys in their assembly adopted nine orphans. They pledged themselves to pay several cents each day for the support of these nine orphans.

Murray, commanding the Western Army Department, approved today by C. W. Moehring of St. Mary's, Idaho, court-martialled for desertion. Other sentences included Private A. J. Korber, California coast artillery, six months for absence without leave.

## MARINE DENTIST LAYS IN WOOD SUPPLY FOR WHOLE, LONG WINTER

BY J. W. PEGLER (United Press Staff Correspondent) WITH THE AMERICAN EXPEDITIONARY ARMY, France, Dec. 15.—(By Mail.)—If there isn't another warm place in town, there'll be a red-hot fire all winter in the little stove in the Marine dentist's office.

He began figuring on a fuel supply way early in the fall. People thought him eccentric when he insisted that every marine who came to him for relief from a toothache must bring along a tree-limb or empty packing case. Every morning you'd see a line of them—kids with swollen jaws, plowing through the mud to the dentist's carrying a block of wood.

That wood accumulated. Now he has enough to last until the middle of March and it's still coming with every patient.

# AGED RESIDENT OF TUSTIN AT REST AFTER LONG LIFE

## 'Grandma' Crawford Passed Away at Her Home Last Wednesday Evening

The death of Mrs. Margaret B. A. Crawford occurred Wednesday evening at her home on D street, at the age of 93 years and four months. Her death was caused by general weakness and feebleness of age. The body was shipped to Middletown, Iowa, where the funeral will be held in the Presbyterian church and the interment will be in the cemetery at Middletown, from which place she came to California twelve years ago. Her son, D. O. Crawford, who came recently to visit his mother, accompanied the remains.

Mrs. Crawford was born at Uray, Kinkardenshire, Scotland, of English parentage, her maiden name being Margaret B. A. Chapman. After returning to England for a short time, her family sailed in September, 1832, for New York. They encountered a heavy storm on the way and were six weeks coming over. Residing in New York a few years and in Kentucky ten years, they then came out to Iowa, where she was married to William D. Crawford and lived in Iowa sixty-one years. The cemetery in which she will be buried beside her husband was given to Middletown by him about fifty years ago.

Mrs. Crawford was a thrifty and successful farmer's wife and she and her husband together always made it pay. In their home town they were regarded as citizens of many sterling qualities.

She was able until a short time ago to tell of the products they raised in Iowa and how they overcame the difficulties in getting them to market. When she came to California twelve years ago she enjoyed the country immensely and fully appreciated the climate and especially the flowers which she very much loved.

Mrs. Crawford had a family of eleven children, six of whom are now living as well as a great many grandchildren and great-grandchildren. The three daughters are Mrs. Sarah J. Switzer, Oceola, Iowa; Mrs. Janet Hooton of Los Angeles, and Mrs. Elizabeth McCosh of Admire, Kansas; and sons, T. J. and E. P. Crawford of Tustin, and D. O. Crawford, of Middletown, Iowa.

A good many people in this vicinity will remember another son, Wm. C. Crawford, who was connected with several important business interests in Tustin and Santa Ana, whose death occurred several years ago.

Mrs. Crawford was first a member of the Methodist church and afterward a member of the Christian denomination. Not having her own church in Tustin she joined the Presbyterians and took an interest in all the services until she became too feeble to attend.

The following acrostic has been

## Killed by Poisons

All scientists agree that poisonous products in the blood are eliminated by the kidneys and liver. The kidneys act as a kind of filter for these products. When the kidneys are changed or degenerated, by disease or old age, then these poisons are retained in the body. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., says that you should drink plenty of water daily between meals to flush the kidneys. Then procure at your nearest drug store Anuric. This Anuric drives the uric acid out. Scientific men have learned that in gout, also rheumatism, poisonous uric acid crystals are deposited in or about the joints, in the muscles—where inflammation is set up.

If we wish to keep our kidneys in the best condition a diet of meat and vegetables, with only a little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month. An-uric is many times more potent than lithia and dissolves uric acid as hot water does sugar.

You can obtain a trial package of Anuric by writing Doctor V. M. Pierce, Buffalo, N. Y., enclosing 10 cents.

MARION J. LEISTER writes: "I want to say in reference to Anuric that I think it is wonderful. My back was so bad when I stooped a few minutes I could scarcely straighten up. I don't think it was more than two days after I began taking Anuric until I saw it was helping me. After using one package I was completely cured, that's saying a great deal for it, as I am over 60 years of age."

written for Mrs. Crawford:  
May you find a peaceful haven  
As you pass to heights above,  
Ransomed from this world of bondage,  
Garnered by that Hand of Love.

Armored well, thy soul has labored,  
Radiant has thy life's work shone;  
Ever have you sought the pathway  
That leads up to Heaven's throne.

Calm thy voyage now has ended,  
Rafted safe through many a storm  
And a fairer life is vouchsafed  
With the blest, all safe from harm.

Father, guide and guard her footsteps  
O'er the tide twist us and Thee,  
Reconcile thy humble servant,  
Draw her near, her soul to free.

## RED CROSS WORKERS LEARN METHODS FOR SURGICAL DRESSINGS

A class of ladies who wish to receive instructions in surgical dressings was organized Wednesday afternoon at the home of Mrs. N. Beisel on Mitchell avenue. The class will be held hereafter every Tuesday afternoon at 2 o'clock with Mrs. W. J. Saunby at her home on Red Hill avenue.

Workers must wear long-sleeved, light-colored work aprons. All who are interested in the work are urged to attend. There is plenty of sewing on hand for all Tustin women who can come each Monday to the all-day meeting for Red Cross work in the sewing room at the school house.

## LETTER REACHES HERE FROM CLYDE MARCHANT

Mr. and Mrs. I. L. Marchant have just received an interesting letter from their son, Clyde Marchant, down in the Argentine Republic. Although he is situated one hundred miles from a railroad on a 6500-acre plantation for cattle raising, he has had some thrilling experiences since that country has declared war on Germany.

He is in the midst of the summer season now and the corn and vegetables are ripening and the cattle are fattening on the alfalfa hay.

His parents think that he may be planning a trip home, but have not the full assurance of it yet.

## LIBERTY BELLES IN SUCCESSFUL MEET ON LAST SATURDAY

An enthusiastic meeting of the Tustin Liberty Belles was held last Saturday afternoon at the home of Misses Gertrude and Dorothy Utt. There were about twenty-five present, Tustin young ladies and their teachers in Red Cross methods. Good work was accomplished on knitting squares for woolen quilts and other articles by the willing and nimble fingers.

At the close of the afternoon's work light refreshments were served and a short, but delightful social time was promoted by the ever resourceful and charming young hostesses.

## TWELFTH NIGHT CELEBRATION BURNS GREENS

### Interesting Custom Carried Out By Young Woman at Tustin

Miss Katherine Beswick observed the interesting custom of burning the Christmas greens on the twelfth night by entertaining at supper a number of girl friends, who assisted in the ceremony. As the evening shades were falling the girls were seated around the hospitable board and supper was served at five o'clock. A good social time was enjoyed.

Immediately afterward all the greenery used in decorating at Christmas time was brought out in the yard and consumed in a glowing bonfire which lighted up and warmed the chill night air for just a few minutes and all was gone. This custom leaves no trace of withered and dying Christmas decorations as a sequel to the Christmas brightness. The girls continued the evening together by going in a body to the Christian Endeavor meeting at the Presbyterian church.

The following were Miss Beswick's guests: Misses Carrie and Nancy Elder, Miss Grace Hight, Misses Dorothy and Louise Utt, Miss Dorothy Jones, Miss Lillian Martin, Miss Hazel Bailey, Miss Thelma Norstrom, Miss Ethel Thompson, Miss Irene and Anita Preble, Miss Irene Griset, Miss Margaret Tingley and Miss Jennie Pollard.

## WOMAN WORKS 15 HOURS A DAY

### Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."

The ladies were busy with embroidery, crocheting and knitting. Refreshments are cut down to two things and all elaborate preparations for serving have been ruled out, but a very enjoyable social time was spent Wednesday afternoon.

The members present were Mrs. Charles Lambert, Mrs. E. E. Smith, Mrs. Alton Alderman, Mrs. Claude Norton, Mrs. Ann Swartz, Mrs. Hatie Swartz, Mrs. George Prater, Jr., Mrs. George Prater, Jr., Mrs. Frank Stearns, Mrs. Vern Maynard and Mrs. Andrew Cock.

## LITTLE GIRL ENJOYS FIFTH BIRTHDAY BY PARTY FOR FRIENDS

Frances Bowman, little daughter of Mr. and Mrs. Charles Bowman, celebrated her fifth birthday last Saturday afternoon by inviting a number of her little friends to a most enjoyable party. After the arrival of the girls and boys they were all soon engaged in many merry games.

Pink and white and brown ice cream had been ordered over the telephone by Miss Frances herself and then there was a lovely birthday cake. When all had gathered around the dining table the circle of happy faces was an interesting and good sized one. The hostess received a number of beautiful birthday gifts.

The guests were Elizabeth Smith, Francillia La Dieu, Janet Crawford, Marian and Eleanor Leiby, Bonnie and Lois Kiser, Josephine Martin, Kathleen and Lorna Allen, Thelma Johnson, Florence Thompson, Charlotte Vance, Marian Crookshank, Beth Collar, Curtis Martin and Donald Bowman, James Preble, David McDougall, Charles Adams, Donald Plumb, Thomas Smith and Clarence Bowman.

## TUSTIN LITERATURE SECTION IN MEETING

A meeting of the Tustin Literature Section of the Ebbl was held Tuesday afternoon at the home of Mrs. W. L. Leiby. The topics were in charge of Mrs. George W. Hubbard and Mrs. A. H. Stutsman. Mrs. Hubbard read a biographical sketch of Bliss Perry and conducted a review of his book entitled "A Plated City." Mrs. Stutsman read magazine articles by Emily Griffith. Light refreshments were served and a pleasant social time followed the topics.

## LEGATION WITHOUT A COUNTRY TITLE FOR BELGIAN BUILDING

WASHINGTON, Jan. 10.—The Legation without a country. That's what the modest red brick home of the Belgian minister, E. de Cartier de Marchienne, E. E. and M. P. is called by Washington diplomats.

But while the half score of diplomatic officials that look after the interests of the remaining subjects of King Albert's plucky little kingdom may be painfully aware of their fallen estate, they are not shedding any unnecessary tears over what "might have been."

Besides attending to the immense Belgian Relief work being carried on in America, the legation officials find time to distribute no small amount of "anti-German propaganda." And if any entente power is able to testify on the evils of "Kulturism" it is the Belgians.

"Showing up" Kaiserism in all its "glory" is their self appointed task and they are not shirking on the job.

## BAN HIGH HEELS DURING PERIOD OF BIG WAR

WASHINGTON, Jan. 10.—High heels must go! High shoes also!

They are going by government edict in France. They will go by government request in the United States. They have gone in England by common consent.

Thus will women be brought down to man's level in the war to make the world safe for democracy. By demanding low shoes with low heels from their dealers, they will get them. Maryland women do.

And the idea of it all is to save leather for the lads who are larruping the Hun.

There will be less leather in shoes generally, too. That goes for England, France, Italy and the United States. England has a drastic law regulating the height of footwear. The Commercial Economies Board of the Council of National Defense is trying to eliminate high heels in America, particularly milady's high-laced boots.

On this subject an editorial translated from Le Matin, Paris, by the Women's Foreign News Bureau of the Council explains at the disproportion between the height of boots for French women, and the scarcity of leather for military purposes.

The writer complains even more sharply, however, of the height of the heels, declaring that this is no time to deliberately under-mine health and usefulness by such a fashion. If, he says, it were a fashion to carry the nose several inches further forward, he would have nothing to say, though it would be as unlovely to look at were it raised to this unnatural angle. But seven or ten feet subjected to high heels are tortured by being thrown out of balance, the toes are turned, the heels are treacherously thrown out of line, and soon worn over. And when one thinks that two centimeters less of heeling would end all this, and restore normality, one is obliged to reflect "like feet, like head."

A few days after the editorial appeared the writer admitted that he had received many letters from women saying that they would gladly wear better shoes, but they must buy whatever there are in the stores, and that those who make the styles should be scolded, not they. Supply is regulated by demand, and demand is largely guided by education. Manufacturers will co-operate with women who demonstrate patriotism by continually asking for conservative styles which save leather for military uses.

## RE-OPEN SCHOOL WITH ADDITION TO FORCES

### Miss Margaret Hamilton In Position of Assistant In Kindergarten

School opened Monday morning after the Christmas and New Year's holidays.

An assistant kindergarten teacher has been employed. Miss Margaret Hamilton of Pasadena will assist Miss Florence Henderson in that department.

H. H. Gane, who has recently come to California from Oregon, has been secured as janitor for the Tustin school house.

Mr. Gane was formerly a Presbyterian minister and has a wife and five interesting children, two of whom are high school students. They will move into the Willard residence, formerly occupied by Mr. and Mrs. T. R. Overton, as soon as it is vacated.

## NEW OIL SAND FOUND IN BIRCH WELL NO. 14

FULLERTON, Jan. 10.—Last week the discovery of a new oil sand by the Birch Oil Company was reported and much to the surprise of the Birch officials this sand is continuing, the tools having passed through 105 feet.

The new sand was found at a depth of 254 feet and attracted considerable attention in that this sand was never noticed in the Birch Hill territory before. The sand will be tested out and, according to a late report from the well, No. 14, in which the sand was located, something good is expected.

## SNOWBALLED STREET CARS

CHICAGO, Jan. 10.—Rev. Albert J. McCartney was under arrest today charged with throwing snowballs at street cars when they ran past him. He said he was in a hurry to preach a funeral sermon.

## VINOL MAKES GOOD BLOOD

Positive—Convincing Proof

Many so-called remedies for anemia are only so in name. Their makers are afraid to prove their claims by telling what their medicines contain.

The only way to be honest with the people is to let them know what they are paying for. Here is the Vinol formula. When the doctor knows what a medicine contains, it ceases to be a "patent" medicine.

R Cod Liver and Beef Peptonates, Iron and Manganese Peptonates, Iron and Ammonium Citrate, Lime and Soda Glycerophosphates, Casearin.

Any doctor will tell you that the ingredients of Vinol, as named above, will enrich the blood and banish anemia and create strength. When the blood is pure and rich and red, the body is strong and robust.

You can prove this at our expense because your money will be returned if Vinol does not improve your health. Tustin Drug Co., Tustin.

## BUSINESS, PROFESSIONAL MEN LAUD EVANGELIST'S CAMPAIGN IN SANTA ANA

A number of professional and business men of Santa Ana have expressed their opinions regarding the moral influence that the evangelistic campaign now in progress here is having on the city. Numbered among these men are some of the leaders in the life of the city. These are some of the answers to that question:

**L. A. West, district attorney:** "I do not believe there is anyone who can conceive or estimate in any perfect degree the great amount of good that has been accomplished by Dr. Biederwolf's campaign. I can say that I was one of those who heartily advocated the calling of Dr. Biederwolf here and I know of good it has done. How great that good, I cannot estimate just now."

**R. R. Smith, president of the School Board:** "It has been a grand opportunity for Santa Ana to clean up. It has done all that those who advocated calling Dr. Biederwolf here have claimed, and more."

**Herbert P. Rankin, Rankin Dry Goods Company:** "I am wholeheartedly in accord with the campaign. It 'doeth good like medicine.' These meetings put new life and energy into the Christian forces. They are the means of turning hundreds 'right about face' and starting them on the road towards God and a better life. And they are bound to awaken and elevate the moral consciousness of the community."

"Yes, I have heard the argument that 'there's too much excitement' and the folks that 'hit the trail' don't stick. If my memory does not fail me, there is considerable excitement about getting married, and the court records show that all the married folks don't stick either. But that is no argument against trying it. It is just as reasonable, and natural, and possible, for

a man to make up his mind to become a Christian and live a Christian life, as it is for the same man to make up his mind to get married and live happily ever after. To do both brings the most joy, peace, and satisfaction."

**Frank P. Clarkson, editor Blade:** "I have heard none of Dr. Biederwolf's sermons, but I have read and edited them all, and have been much impressed with the deep religious fervor of the man, his apparent sincerity and his happy manner of illustrating a point and driving home an argument."

**T. D. Knights, Nickey Hardware Co.:** "I believe it has wonderfully helped the city of Santa Ana morally and I know from my own personal observation that it has been a great boost to business."

**C. W. Burns, Santa Ana Laundry:** "It has been a great uplift to this community to have Dr. Biederwolf's campaign here and I feel it has worked wonders for Santa Ana."

**J. H. Rankin, president Rankin Dry Goods Company:** "Dr. Biederwolf's evangelistic campaign has been a fine thing for Santa Ana. A fine thing. It has more than proven its claims for support from the church people of Santa Ana. It has proven a great uplift for Santa Ana and I do not think that Dr. Biederwolf could have been called here at a more opportune time."

**F. W. Wieseman, Variety Store:** "Yes, sir! The Biederwolf campaign has been a great help to this city and anyone knows that a campaign like his is always beneficial to a town."

**W. B. Williams, cashier First National Bank of Santa Ana:** "I have been a very regular attendant at Dr. Biederwolf's meetings. They have done me a world of good and the same for Santa Ana. As far as I am personally concerned, you can't say anything too good about his noble work."

## "DEITY OF JESUS CHRIST" PROVED BY DR. BIEDERWOLF IN POWERFUL SERMON LAST NIGHT AT MEETING

One of the most logical and forceful sermons which Dr. Biederwolf has preached in Santa Ana was the one presented to his hearers last night when he discussed and proved from the Bible the deity of Jesus Christ. The powerful address left no question in the minds of those present as to the evangelist's beliefs in the matter, and he backed up his statements with arguments which were genuinely convincing to the hundred who listened. Minnesota competed with Ohio last night in getting out a large delegation for the meeting. The Gopher state won out with a crowd a little larger than that furnished by the Buckeyes, and to increase the enthusiasm they

had a song prepared which they stood and sang much to the amusement of everyone. Ohioans declared that they didn't have a song, but that they furnished the presidents.

The audience last night was much larger than the crowd which gathered Wednesday evening. The auditorium was comfortably filled. The meetings, this week since the budget has been raised and there is no collection to be taken, are finished much earlier than they were before.

Tenight promises to be the biggest occasion yet planned at the tabernacle. It will be known as high school night. Students from Poly are to be seated in a body, will be ready when the occa-

sion comes for their songs and yells, and will decorate the building with their pennants and colors. The Y. M. C. A. clubs of the county are also to be on hand and attend in a body, meeting at the Christian church at 7 o'clock. The boy scouts will also have a section reserved tonight, and a delegation is expected from Orange, as well as the state delegations from Nebraska, which will meet in the United Presbyterian church at 7:15, and from Illinois, which will meet at the Christian church at 7:15.

The sermon last night follows, in part:

**John 20:28:**—"And Thomas answered and said unto Him, 'My Lord and My God.'"

Suppose anybody should talk like that to you and call you their "Lord" and their "God," what would you say? You'd say, "Excuse me, Sir, but you've got your wires crossed."

Who was Jesus? Do you know there is not another question in all the realm of human thought quite so important as this one, unless it is the question of what you are going to do with Jesus after you find out who He is.

When it comes to the one thing upon which the whole system of our Christian religion rests, the deity, the divinity of Jesus Christ, we must be of one mind. This fundamental truth must be accepted. Deny it and you knock the keystone out of the arch and the whole thing comes down with a crash.

**There is No Difference**  
And now some fellow steps up and says, "Biederwolf, you're confusing your terms when you talk about deity and divinity in the same breath." Well, I'd like to know the difference between the two. There is but one who is divine and He is God, and if Christ was God, if the apostle John was right when he said, "The Word was God and the Word was made flesh and dwelt among us," then Christ and Christ alone was divine as God is divine.

Now on the scene comes the fool and says, "It's a mystery, this thing of the deity of Christ; let it alone; you can't believe what you can't understand."

Well, so far as believing what you can't understand, you poor fool, you do that every day.

And as for letting this mystery alone, you can't do it. There are other mysteries and you can let them alone, but this one you can't. Man is a religious animal and he simply cannot shake off his religious instincts; and right in the very center of the religion which faces every civilized human being is the person of Jesus Christ, asking today as He did in other days when He mingled among the men of Palestine, "What do you think of me? Who do men say that I am?"

**Bible Claims Him Divine**  
That the Bible writers claimed that Christ was divine and that Christ Himself claimed to be divine in a qualitative sense that no other man is divine there can be absolutely no doubt whatever.

Isaiah in so many words called Him, "The mighty God, the everlasting Father."

John said, "The Word was God," and "the Word was made flesh and dwelt among us."

And then don't tell me that Christ didn't claim a divinity different from that of any other man.

He called Himself the "Only begotten Son of God," and for this you know the Jews tried to stone Him to death one day and when Jesus said, "What's this for?" they said, "Because you being a man claim to be equal with God and so make yourself to be God, and you're a blasphemer and you ought to die."

Now I'll miss my guess if those old Jews who lived with Him and heard Him talk didn't know as much about what He claimed for Himself as the modern Unitarian or anybody else.

Jesus claimed His deity on the threefold ground of His divine knowledge, His divine power, and His divine authority.

1. As to His divine knowledge. He said, "No man knoweth the Son but the Father; and no man knoweth the Father but the Son and he to whomsoever the Son will reveal Him."

What a daring, what a tremendous

statement! How profane and how shocking if He were only a man!

II. As to His divine power. Among other things He said that He had ability to do whatever the Father did. "Whatsoever things the Father doeth these also doeth the Son likewise."

III. As to His divine authority. He said in the plainest terms that He will be the Universal Judge at the last great day. He said, "The Father judgeth no man but hath committed all judgment unto the Son." He says that He "will sit on the throne of His glory" and all shall be fathered before Him.

What mortal could say things like these? Who is this that professes to be able to scrutinize the thought and secret motives of men, to sit in judgment upon their words and their deeds and claims the authority to grasp and wield the divine thunderbolts of retribution if He be not something more than a man? Did ever man make a claim like that? Would you, a man, dare to make it?

**Reasons For Belief**

Now let us go a little farther. Why do I believe in the divinity of Jesus Christ?

1. I believe it, in the first place, for the reasons just given. Because the Bible writers said He was divine and because Christ Himself claimed that He was divine.

2. I believe it, in the second place, because of His matchless character. He never for a single second wavered in the sublime self-consciousness of who He was. And He delivered the goods.

**Matchless Character of Jesus**

3. I believe it, in the third place, because of His masterly teaching. "He spoke as never man spoke." That's what the officers said when they came to arrest Him, and they were right.

If the books that have been written about His words were gathered up they would fill a thousand congressional libraries. But His words, alone, would hardly make a vest-pocket edition. But their heights have never been scaled; their depths have never been sounded.

**Masterly Teaching of Jesus**

4. I believe it, in the next place, because of His marvelous influence.

The biggest proof of the deity of Christ is just Christianity itself. Harman's book, "The Expansion of Christianity," does not allow the deity of Christ, but read it and tell me how such things could ever be wrought save by a power divine.

Take Christianity out of civilization; take it out of art, music, literature, and most of all out of the human heart and life, and you'd have mighty little left worthy of the name.

**Marvelous Influence of Jesus**

5. I believe it, in the next place, because of His mighty work. Jesus said, "The works that I do bear witness of Me that the Father hath sent Me." Look at His miracles and like Nicodemus you will have to say that God was incarnate in the man who did such wonderful things.

He is redeeming all kinds of people, the good, or rather what we call the good, as well as the bad. He takes the rich and shows them how really poor and naked they are. He takes the self-sufficient and shows them how really dependent they are. He takes the moral man and the moral woman, strips them of the worthless rags of self-righteousness and redeems them one and all to a new and powerful life.

**A Modern Miracle**

He takes a poor, staggering, drunken river-thief and transforms him into a man of whom the pastor of the great Fifth Avenue Presbyterian Church of New York City said that he had more power for good over the people of that metropolitan city than all the pastors combined, and whose death brought endless streams of people, rich and poor, who piled flowers on his coffin so high that they hid the pulpit, and beneath that pyramid of flowers slept Jerry McAuley.

He took Saul, the murderer, and the blatant bigot and made him into Paul, the mighty Apostle and the greatest preacher the world has ever known. He took Augustine, a young libertine and sport of Rome and made him into St. Augustine, the greatest theologian of his or any other age.

Try to explain such marvelous transformations of human character apart from the mighty miracle working power of the Lord Jesus Christ and you do violence to reason, insult the memory of all these godly men and pour contempt upon the name of Christ who saved them.

Yes, it takes someone who is more than a man to redeem humanity like that.

Men and women, listen to me: Has He ever touched your life? Do you want a Saviour like that—a Christ who is omnipotent?

There is a verse of scripture which says: "What shall the end be to them that obey not the gospel of the Lord Jesus?"

But now right here in this life, you can't afford to live without Him.

What are you going to do when your conscience walks out in front of you and points its accusing finger at you?

What are you going to do when misfortune and the waves of adversity overwhelm you?

But the end is coming just the same and what are you going to do then?

**Behold as in a Dream**

I have looked as if in a dream through the gates of heaven. I stood, as it were, by an angel's side who was there to guard the way. And as I stood there the spirit of a rich man came and tried to get admission. He told the angel of his wealth and the vast treasures he had gathered on earth. But the angel pointed to his gold and said: "We pave our streets with that stuff; you have not got enough to buy even a glimpse into the celestial city." And then a moral man came and told the angel who he was, told him of his morality and talked of the good works he had done. But the angel said: "Not of works, lest any man should boast; you can't come in." Then came the spirit of another man and laid before the angel his respectability, his reputation and talked of the good name he had borne among his neighbors. But the angel shook his head and said: "There is none other name given under heaven whereby we must be saved but the name of Jesus." And then there came the spirit of another one saying:

"Nothing in my hands I bring; Simply to the cross I cling.

The blood of Jesus Christ hath cleansed me from sin. And the gates of heaven rolled back on their jeweled hinges and the angel cried: "Unto you is administered an abundant entrance into the everlasting Kingdom of our Lord and Saviour Jesus Christ."

And as the gates rolled back I saw

whole armies of redeemed drunkards, and numberless legions of those, redeemed from the vilest sinks of sin, and whole acres of redeemed men and women who once had trusted in their morality and their good name but gave it all up for a righteousness not their own. And they had crowns on their heads and palms of victory in their hands; and I saw one whose face and form I could not mistake. One like unto Jesus, and He ascended the throne and the vast throngs whom no man could number took their crowns and cast them at His feet and they waved their palms, and I heard them cry and they said: "Wonderful; Wonderful; the Mighty God; the Everlasting Father; the Prince of Peace!"

All hail the power of Jesus' name, Let angels prostrate fall; Bring forth the royal diadem And crown Him Lord of All."

Will you crown Him, your Lord, tonight?

**LOS ANGELES PRODUCE MARKET**

While the Food Administration is placing restrictions on the consumption of certain foods, it is endeavoring to increase the use of others. This is particularly true of potatoes, of which the 1917 yield was unusually large, and of which the movement so far has not been proportionate to the crop.

Local potato prices are showing a higher tendency and Northern Burbanks were raised yesterday to \$2.20 and \$2.30 a hundred. Russets are selling at \$2 and sweet potatoes have jumped to \$4 and \$4.25 a hundred-weight. Stocks here are reported as being smaller and shipments from the north are not arriving as rapidly as a few days ago.

The only change in prices at yesterday's session of the Produce Exchange was an advance of 1 cent a dozen in extra eggs.

### Questions and Answers

What is the difference between a Thrift Stamp and a War Savings Certificate Stamp?

The 25-cent Thrift Stamps are issued to help you to save and exchange for a \$5 War Savings Certificate Stamp. The Thrift Stamps bear no interest; the War Savings Certificate Stamps earn interest.

Why do I get a \$5 War Savings Certificate Stamp for from \$4.12 to \$4.23?

The \$5 is payable January 1, 1923. It includes the return to you of your money with the compound interest that the Government will pay you. The sooner you fill up and exchange your Thrift Card for a War Savings Certificate Stamp, the more interest you will receive.

Why should I exchange my full card of Thrift Stamps for a War Savings Certificate Stamp?

Because the War Savings Certificate Stamp bears interest and the Thrift Stamps do not.

What becomes of the money I pay for a stamp?

It is a loan to the United States Government.

How can my 25 cents really help?

A loan of only 25 cents by every person in the Nation will provide the United States Government with 25 million dollars.

### What War-Savings Stamps Are and Why You Should Buy Them

War-Savings Stamps are the answer of a great democracy to the demand for a democratic form of government security. They are "little baby bonds." Like Liberty bonds, they have behind them the entire resources of the government and people of the United States. They have the additional advantage that they steadily increase in value from the date of purchase until the date of maturity, and this increase is guaranteed by the government. These stamps are issued in two denominations, the 25-cent stamp and the \$5 stamp.

For the convenience of investors a "Thrift Card" is furnished to all purchasers of 25-cent stamps. This card has spaces for 16 stamps. When all the spaces have been filled the Thrift Card may be exchanged for a \$5 stamp at postoffices, banks or other authorized agencies by adding 12 cents in cash prior to February 1, 1918, and 1 cent additional each month thereafter.

Those who prefer may buy a \$5 stamp outright. These will be on sale from December 3, 1917, until January 31, 1918, for \$4.12. They automatically increase in value a cent a month every month thereafter until January 1, 1923, when the United States will pay \$5 at any postoffice or at the treasury in Washington for each stamp affixed to a War-Savings Certificate.

When you purchase a \$5 stamp, you must attach it to an engraved folder known as a "War-Savings Certificate" which bears the name of the purchaser and can be cashed only by the person whose name appears upon the certificate, except in case of death or disability. This certificate contains 20 spaces. If these are all filled with War-Savings Stamps before January 31, 1918, the cost to the purchaser will be \$82.40, and on January 1, 1923, the government will pay the owner of the certificate \$100—a net profit to the holder of \$17.60. This is based on an interest rate of 4 per cent compounded quarterly from January 2, 1918. The amount of War-Savings Stamps sold to any one person at any one time shall not exceed \$100 (maturity value), and no person may hold such stamps or War-Savings Certificates to an aggregate amount exceeding \$1000 (maturity value).

If the holder of a War-Savings Certificate finds it necessary to realize cash on it before maturity, he may at any time after January 2, 1918, upon giving 10 days' written notice to any money-order postoffice, receive for each stamp affixed to his certificate the amount paid therefor plus 1 cent for each calendar month after the month of purchase of each stamp. A registered certificate may be redeemed, however, only at the postoffice where registered.

# The War Against German Frightfulness Must Be Won By Saving

a lesson now made easy for Americans to learn. It is plainly evident that final victory will go to the side which is best equipped and holds out longest in food, weapons, munitions—and money. That does not mean that America must endure privation at this time; but it does mean that we—all of us—must save resolutely where formerly we have been careless or wasteful. Just now it is of utmost importance that we save our money, every dollar that we can spare from actual necessities, that our government may have the temporary use of it to defray the enormous immediate expenses of the war. In return for the loan of these savings the government pays us interest, and absolutely guarantees the safety of the principal.
